REVIEW OF OPERATIONS AND STATE OF AFFAIRS:

The Financial year 2019-20 was a very difficult and disappointing year for the Indian economy. Even before COVID-19 struck, India's economy was on its way to register its lowest GDP growth in more than a decade. Due to Covid-19, in many countries, businesses are being forced to cease or limit their operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. COVID-19 is significantly impacting business operation of the companies, by way of interruption in production, supply chain disruption, unavailability of personnel, closure / lockdown of production facilities etc.

Against this backdrop the Company manufactured 16,45,742 Kgs of Tea during this year as against 16,32,835 Kgs of previous year. Gross Turnover increased from Rs.22.66 Crore to Rs. 25.67 Crore due to higher price realization per kg of tea. The average price realization of tea for the year was Rs.156/- per kg as compared to Rs.139/- Per kg in the previous year. There are no other significant changes that have occurred in the operation of the company.

CHANGE IN THE NATURE OF BUSINESS:

There is no change in the nature of the business of the Company done during the year.

5. EVENTS SUBSEQUENT TO THE DATE OF FINANCIAL STATEMENTS:

The material changes and commitments affecting the financial position of the Company occurred between the end of the financial year to which this financial statement relate on the date of this report due to Covid-19 was stated in para 3 of this report

6. RESERVE & SURPLUS:

No amount has been proposed to be transferred to General Reserve. The entire loss has been transferred to profit and loss account.

#### **Management Discussion and Analysis Report**

#### **Industry Structure and Development**

The Company's main business is plantation, manufacture, and sale of Tea. Tea being a seasonal industry, the plantation activities are carried out from March to December and is subject to the vagaries of the monsoon. The area under plantation is relatively constant. The crop yield depends on the climatic conditions to a very large extent. The steps initiated for increasing the crop yields by implementing improved agricultural practises is not only necessary under the circumstances but also becomes important for the industry for its survival.

#### **Opportunities and Threats**

The Company's major income is from sale of tea. The tea manufactured by the Company is sold through auctions as well as private sales. The costs of production of tea, comprises of various inputs which are required to be met by the Company as stipulated under various statutes both Central and State including the Plantation Labour Act. Thus, after meeting the various Central and State levies etc the industry is left with a very small margin to meet its other expenses for advertising, marketing and sale of the product.

#### Segment-wise performance

The Company's main business operation is restricted to a single segment i.e. Tea which is manufactured and sold through either auction centres, private tea sales and is covered under the sections Financial Results and Operations respectively in the Directors Report.

#### Outlook

Tea being a common man's drink is consumed widely throughout the country.

The Tea manufactured in the country is almost sufficient to meet the internal domestic demands. The weather is of prime importance for the Tea manufacturing industry for achieving / maintaining the production target for the industry. Due to the vagaries of the weather the production of tea fluctuates within a given range. However, despite this scenario the outlook for the tea industry appears to be good, due to its increasing demand and consumption.

#### Risk and Concern

The Management must constantly monitor the risks and concerns associated with the industry which is dependent upon the vagaries of the weather to a very large extent and is also subject to changing market conditions and the trends. Further increased supply in the global market and slowdown of the economic growth may adversely affect the business prospects

#### Internal Control System & their adequacy

The Company has an effective system of internal control, commensurate with its size and it ensures operational efficiency, accuracy in financial reporting and compliance of applicable laws and regulations. The system is subject to review from time to time.

#### Disclosures on financial performance with respect to operational performance

The disclosures under financial performance with respect to operational performance are covered by the sections Financial Results and Operations respectively under the Directors Report.

# Material developments in Human Resources / Industrial Relations front including number of people employed

Tea Industry is highly labour intensive. The Company employs around 2000 personnel at its Tea Estates and other establishments in India. Employee relations remained satisfactory during the period under review. The Company would like to record appreciation of the wholehearted support and dedication from employees at all levels in maintaining smooth production and manufacture of tea from all the Tea Estates during the year.

#### **Cautionary Statement**

Statements in this management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be forward looking statements within the meaning of applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the industry global or domestic or both, significant changes in political and economic environment in India, applicable statues, litigations etc.

#### **CEO/CFO CERIFICATION**

- I, Kanishka Sethia, Managing Director, responsible for the finance function certify that:
  - a) I have reviewed the financial statements and the cash flow statements for the year ended 31st March 2020 and to the best of my knowledge and belief certify that:
    - i. these statements do not contain any materially untrue statement or omit any material fact containing statements that might be misleading.
    - ii. these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulation.
  - b) These are, to the best of my knowledge and belief, no transactions entered into by the Company during the year, which are fraudulent, illegal or violative of the Company's Code of Conduct.
  - c) I accept responsibility for establishing and maintaining internal controls for financial reporting and that I have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and I have disclosed to the Auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which I am aware and the steps have taken or propose to take to rectify these deficiencies.
  - d) I have indicated to the Auditors and the Audit Committee:
    - i. significant changes in internal control over financial reporting during the year, if any
    - ii. that there has not been any significant change in accounting policies during the year requiring disclosure in the notes to the financial statements and

#### INDEPENDENT AUDITOR'S REPORT

#### TO THE MEMBERS OF WESTERN CONGLOMERATE LIMITED

Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying standalone financial statement of WESTERN CONGLOMERATE LIMITED ("The Company") which comprises the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including other comprehensive income), the Statement of changes in equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (thereinafter referred to as "the standalone financial statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31° March, 2020. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

# Responsibility of Management and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility also includes responsible the maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also
  responsible for expressing our opinion on whether the Company has adequate internal financial controls
  system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company's to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Other Matters

Due to COVID-19 pandemic and consequential nationwide lockdown announced by the Central and various State Government including travel restriction, maintenance of social distancing, etc., the audit team has performed audit from Head Office, Branch Office and remote location or the basis of data, scanned copies documents, management estimates, assumptions, certificates and other information supplied electronically by the management on online platform. We have refied on Management's assurances of the authenticity, completeness and accuracy of these records electronically submitted to us. Further, our attendance at the physical inventory verification done by the Management was impracticable under the current lockdown restrictions imposed by the Government and we have therefore, relied on the related alternative audit procedures to audit the existence of inventory as per the guidance provide in SA-501 "Audit Evidences Specific Consideration for Selected Items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on this statement.

Our opinion is not modified in respect of this matter.

# Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the cash flows are dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the specified under Section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended.
  - e) On the basis of the written representations received from the directors of the Company as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to dur separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
  - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - The Company has disclosed the impact of pending litigations on its financial position of the financial statements.
  - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund.
- 2. The Companies (Auditor's Report) order, 2016 ("the order") issued by the Central Government of India in terms of subsection (11) of section 143 of the Act, we give in the Annexure B, a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.

# Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **WESTERN CONGLOMERATE LIMITED** ("the Company") as of 31st March 2020 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

# MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAF). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on

the financial statements.

# INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES ON FINANCIAL STATEMENTS for the year ended 31st MARCH, 2020

## 1. Company Overview

The Western Conglomerate Limited is engaged in the cultivation, manufacture and trading of tea. The Company operates with one tea estate in West Bengal and sells bulk tea in comestic markets. The Company also produces instant Tea at its plant located in Hasimara, West Bengal. The Company is a listed company in the Calcutta Stock Exchange (CSE). The financial statements for the year ended were approved by the Board of Directors and authorized for issue on 31st May, 2020.

# 2. Statement of Compliance

These financial statements, for the year ended 31st March 2020, have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules 2016.

# 3. Significant Accounting Policies

## A. Basis of Preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain items which are measured at fair value at the end of each reporting period, as explained in the accounting policies given

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements. and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

#### B. Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

## C. Property, Plant & Equipment

# (i) Tangible Assets (Other than Bearer Plants)

Property, Plant & Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost is inclusive of incidental expenses related to acquisition. Borrowing costs attributable to the construction or production of qualifying assets are capitalized. Expenses for the repair of property, plant and equipment are charged against income when incurred.

Land is not depreciated.

# NOTES ON FINANCIAL STATEMENTS for the year ended 31st MARCH, 2020

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Depreciation of these assets, are on the same basis as other property assets, and commences when the assets are ready for their intended use.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss. The estimated useful lives are also as specified in Schedule II of the Companies Act, 2013.

Items of Property, Plant and Equipment are depreciated in a manner that amortises the cost of the assets less its residual value, on a written down value method on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period and the effect of any changes in estimate is accounted for on a prospective basis.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment (other than bearer plants) recognised as of 1st April, 2017 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost.

#### (ii) Bearer Plants

Bearer plants comprising of mature tea bushes and shade trees are stated at cost less accumulated depreciation and accumulated impairment losses.

Immature bearer plants, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of land preparation, new planting and maintenance of newly planted bushes until maturity. Immature bearer plants expenditure incurred on them for five years are treated in the financial statements as Biological Assets (Note:8). On maturity, these costs are classified under bearer plants. Depreciation of bearer plants commence on maturity.

Costs incurred for infilling including block infilling are generally recognized in the Statement of Profit and Loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective sections.

Depreciation on bearer plants is recognised so as to write off its cost over useful lives, using the written down value method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Estimated useful lives of the bearer plants has been determined to be 55 years. On transition to Ind AS, the Company has recognised bearer plants for the first time as required by Ind AS 101 at fair value as of 1st April. 2016 and used the fair value as deemed cost.

#### D. Impairment of Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible (Bearer Plant) assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

# NOTES ON FINANCIAL STATEMENTS for the year ended 3157 MARCH, 2020

An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount, which is the higher of an asset's net selling price and its value in use.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If impairment is no longer justified in future periods due to a recovery in assets' fair value or value in use, the impairment reserve is reversed.

# E. Biological Assets

## (i) Biological Assets

Biological assets of the Company represent the young plant which are under progress and will be converted into Bearer Plants after the expiry of five years when they yield as matured lea (capitalised). On transition to Ind AS the Company has recognised biological assets for the first time as required by Ind AS 101 at fair value less cost to sell as at 1st April,2017 (transition date).

#### F. Inventories

Inventories are stated at the lower of cost and net realisable value. Finished goods produced from agricultural produce are valued at lower of cost arrived at by adding the cost of conversion to the fair value of agricultural produce and the net realizable value. Net realizable value represents the estimated selling price for inventories less all selling costs.

Provision is made for obsolete, slow moving and defective inventories, whenever necessary.

# G. Foreign Currency Transactions

The presentation currency of the Company is Indian Rupees. Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Monetary transactions remaining unsettled are translated at the rate of exchange ruling at the end of the year. Exchange gain or loss arising on settlement/translation is recognised in the Statement of Profit and Loss.

# H. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the Statement of Profit and Loss.

## Effective Interest Method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

NOTES ON FINANCIAL STATEMENTS for the year ended 31³⁷ MARCH, 2020

#### **Financial Assets**

## Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

#### Other Bank Balances

Other bank balances include deposits with maturity less than twelve months but greater than three months and balances and deposits with banks that are restricted for withdrawal and usage.

#### Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## Financial Assets Measured at Fair Value

Financial assets are measured at .Fair value through other comprehensive income. (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at .Fair value through the Statement of Profit and Loss. (FVPL).

## De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

## Financial Liabilities and Equity Instruments

## Classification as Debt or Equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

NOTES ON FINANCIAL STATEMENTS for the year ended 3157 MARCH, 2020

#### **Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

#### **Financial Liabilities**

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

# De-recognition of Financial Liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

# Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

## I. Revenue from sale of products

Revenue is measured at the fair value of the consideration received or receivable and is net off returns and

Revenue from the sale of goods includes duties which the Company pays as principal but excludes amounts collected on behalf of third parties.

Revenue from the sales of goods is recognised in the income statement when the goods are delivered to customers for domestic sales or when delivered to a carrier for export sales, which is when title and risks and rewards of ownership pass to the customer.

#### J. Borrowing costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their

# NOTES ON FINANCIAL STATEMENTS for the year ended 31⁵⁷ MARCH, 2020

intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Premium in the form of fees paid on ref nancing of loans are accounted for as an expense over the life of the loan using effective interest rate method. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

#### K. Employee Benefits

#### Provident Fund

The Company operates defined contribution schemes like Provident Fund. The Company makes regular contribution to provident funds which are fully funded and administered by Government and are independent of Company's finance. Contributions are recognized in Statement of Profit and Loss on an accrual basis.

#### Compensated Absences

Accumulated compensated absences which are expected to be availed or encashed within twelve months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensating absences as the additional amount expected to be paid as a result of the unused entitlement as at the year-end.

Accumulated compensated absences which are expected to be availed or encashed beyond twelve months from the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial loss/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

## Post Employment Benefit Plans

For Defined Benefit Plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance Sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs. Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets.

Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

#### L. Taxes on Income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the statement of profit and loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

# NOTES ON FINANCIAL STATEMENTS for the year ended 315 MARCH, 2020

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

#### M. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

# 4. Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future and other key sources of estimating uncertainty as at the balance sheet date that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur

# A. Useful Lives of Property, Plant And Equipment

The Company has adopted the useful lives as specified in Schedule II of the Companies Act, 2013 for property, plant and equipment other than for bearer plants. For bearer plants, it has determined the useful life to be 55 years. The Company reviews the estimated useful lives at the end of each reporting period. Such useful lives depend upon various factors such as usage, maintenance practices etc. and can involve estimation uncertainty. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised. The carrying amount of the Company's Property, Plant and Equipment at the balance sheet date is disclosed in Note:5 to the financial statements.

# B. Impairment of Property, Plant and Equipment

An impairment exists when the carrying value of an asset exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing the asset. The value in use calculation is based on a discounted cash flow model and requires the Company to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

# C. Fair value measurements and valuation processes

Some of the Company's assets are measured at fair value for financial reporting purposes. Significant estimates are used in fair valuation of Bearer Plants and biological assets

NOTES ON FINANCIAL STATEMENTS for the year ended 3157 MARCH, 2020

For bearer plants, the Company has used fair value as determined by third party qualified valuer. The valuer has considered observable market inputs such as sale prices and historical information of past production. The key assumptions considered here is sensitive. Reasonable shifts in assumptions including but not limited to increase or decrease in sale prices and production which is dependent on favourable weather conditions would result in increase or decrease to the fair value of bearer plants considered as of 1st April 2016 as deemed cost.

# D. Employee Defined Benefit Plans

The determination of Company's liability towards defined benefit obligations to employees is made through independent actuarial valuation. Such valuation depends upon assumptions determined after taking into account inflation, promotion and other relevant factors such as supply and demand factors in the employment market.

#### 3. Financial risk management objectives

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company continues to focus on a system-based approach to business risk management. The Company's financial risk management process seeks to enable the early identification, evaluation and effective management of key risks facing the business. Backed by strong internal control systems, the current Risk Management System rests on policies and procedures issued by appropriate authorities; process of regular reviews / audits to set appropriate risk limits and controls; monitoring of such risks and compliance confirmation for the same.

#### a) Market risk

The Company's business primarily agricultural in nature, exposes it to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of adverse weather conditions and lack of future markets. The Company closely monitors the changes in market conditions and select the sales strategies to mitigate its exposure to risk.

#### I. Foreign currency risk

The Company undertakes transactions denominated in foreign currency which rejults in exchange rate fluctuations. Such exchange rate risk primarily arises from transactions made in foreign exchange and reinstatement risks arising from recognised assets and liabilities, which are not in the Company's functional currency (Indian Rupees). A significant portion of these transactions are in US Dollar

#### Foreign currency sensitivity

The impact of sensitivity analysis arising on account of outstanding foreign currency denominated assets and liabilities is insignificant.

#### ii. Interest rate risk

Interest rate risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The objectives of the Company's interest rate risk management processes are to lessen the impact of adverse interest rate movements on its earnings and cash flows and to minimize counter party risks.

Liquidity risk is the risk that the Company may encounter difficulty including seasonality in meeting its obligations.

The Company mitigates its liquidity risks by ensuring timely collections of its trade receivables, close monitoring of its credit cycle and ensuring optimal movements of its inventories.

Credit risk is the risk that counter party will not meet its obligations leading to a financial loss.

@01 LKATA

The Company has its policies to limit its exposure to credit risk arising from outstanding receivables. Management regularly assess the credit quality of its customer's basis which, the terms of payment are decided. Credit limits are set for each customer which are reviewed on periodic intervals. The credit risk of the Company is low as the Company largely sells its teas through the auction system which is on cash and carry basis and through exports which are mostly backed by letter or credit or on advance basis.

The financial risk associated to agriculture would include climate change, price fluctuation, currency fluctuation and input cost increases. Being dependent on rainfall, any shortfall would directly impact the production. The sale of tea being largely through the auction system, any price fluctuation would impact profitability. Increased wages also has a direct impact on the cost of production because of labour intensive nature of the business operations.

Management is continuously monitoring all the above factors. Investment in irrigistion, a planned replanting programme to ensure higher yields and improving efficiency of labour and modernisation are some of this measures taken by the management to mitigate the risks.
